Dear Russell

I am pleased to advise that the Public School Review of Golden Bay Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review for your school has been determined through your self-assessment submission and validated by the review team as 3 years. You will receive formal notification in the 2 terms leading up to your school's scheduled review. This notification will be provided in 2026.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

In particular, I note that your school has created a high quality environment for learning based on the establishment of positive productive relationships within the school and the community. It is clear that high expectations and a united staff have contributed to this positive environment. Additionally, the strong performance of the school across the domains of the Standard will ensure that Golden Bay Primary School is well placed to succeed with its improvement agenda.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Melesha Sands
