

Dear Parents ,

You may have seen the message from the Premier. Please be patient, I will keep everyone informed via Connect to give you our most up to date information.

What I can tell you at the moment is that the school holidays are extended for one week for the Perth, Peel and Southwest region. We are in the Peel region. Our region will be in full lockdown for 5 days. Currently we will now open the school on the 8 February. I'll get further details to you as soon as I can.

Staff will not be in attendance at work unless I request it of them. If so, they will need to wear a mask. At this point In time Executive Team, Manager of Corporate Services and School Officers will be at school tomorrow to field calls and plan for next week. Cherie Raymond, Assistant Principal, will also support parents with Connect where needed. Cherie can be contacted at: Cherie.Raymond@education.wa.edu.au

As always you have my unconditional support and I will provide our community with official updates as they become available to me.

Please watch for the Connect updates. As you can appreciate, things may change.

Thinking of you and our young learners at this time.

Kindest regards,
Peta
